

Testimonies of Students

Chad Bird

My name is Chad Bird a student at the Feather River men's center. I am 19 years old. Growing up my childhood was good. I was somewhat of an athlete and involved in school, until I got in a quad wreck my mid-sophomore year in high school. It was then when I became addicted to pain killers and began wasting my life. Nothing has given me a content feeling like I have now. It was here at the men's center where I accepted Jesus into my heart and feel complete now. The center showed me Christ's love and is teaching me how to show others the love that I am shown. Without Jesus and the men's center strengthening me I wouldn't be at this point of my life, but most likely dead. I want to thank the men's center, the staff and all the supporters. I look forward in learning more in the next 8 months I am here. God is truly healing my heart and my parents are coming to church and healing their hearts and restoring their trust in me.

Brett Cook

My name is Brett Cook and I am 21 years old. I was raised in a good Christian home. Around 15 years old I became involved in drugs and alcohol. It was the year I entered into high school, only after one month, someone offered me pain pills and I wanted to fit in, from that point my life started to turn for the worse. A few years later I ended up in trouble with the law, after trying a couple different rehab programs, my alcoholism was becoming progressively worse, and circumstances brought me to the Feather River Men's Center. Since coming into the center I've developed a personal relationship with Jesus Christ and a sense of fulfillment and accomplishment. Because of God and the guidance and support of James and the staff, I know what it means to be a Christian man and I am excited to see what God has in store for me in the future!

Partnership Program

The Partnership program was designed to help the men be reintroduced back into the workforce. While creating a sense of responsibility and to learn a new skill set.

Feather River Men's Center currently offers these services:

- Lawn Mowing
- Minor Storm Damage
- Weed Eating
- Fence Repairs
